

NASHVILLE CITY CEMETERY

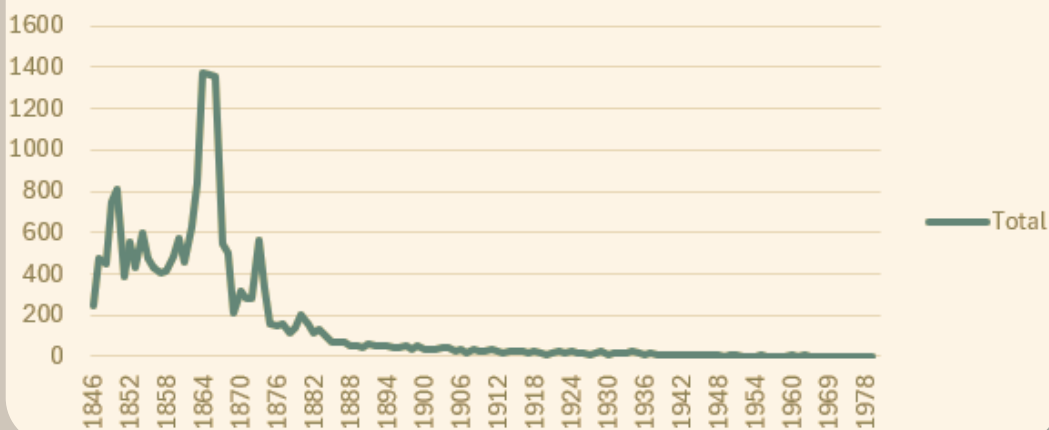

Every Stone has a story.

Ever wondered what people died from 150
years ago?

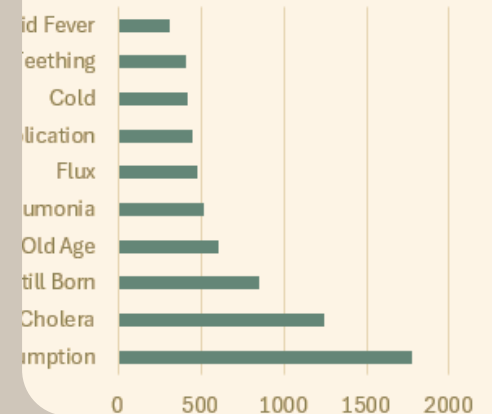

Diseases like Cholera, Flux, and Teething
once filled these grounds.

Discover Nashville's hidden history—etched
in every gravestone.

Number of Burials

Top 10 Causes of Death

Burials peaked during the Civil
War — especially in 1864.

We've turned data into stories:
how people lived, died, and
shaped Nashville.

President James K. Polk — the 11th U.S. President —
was once buried here.

You'll walk where presidents, pioneers, enslaved
individuals, and countless untold stories rest. These
graves hold stories of power, struggle, and resilience —
all part of Nashville's past.
